## SUMMARY

Enthusiastic engineering student with a solid foundation in Java and hands-on experience in Full Stack Development. Passionate about software development, with a strong desire to apply technical skills to real-world projects and build innovative solutions.

## EDUCATION

Walchand Institute of Technology, Solapur B.Tech in Electronics and Telecommunication Engineering CGPA : 9.11	2025
Sangameshwar College, Solapur HSC   Percentage: 90.17%	2021
Shri Siddhivinayak Vidyamandir , Gunjegaon SSC   Percentage: 86.20%	2019

## TECHNICAL SKILLS

**Core Java** : OOP Concepts, Collections, Arrays, Strings, Exception Handling

**Advanced Java** : Servlets, JSP, Hibernate, JDBC

**Web Technologies** : HTML, CSS, PHP, Angular

**Frameworks** : Spring Boot, Hibernate

**Databases** : MySQL

## PROJECTS

### Gym Management System

*JAVA, MySQL, HTML, CSS*

Developed a web-based system to manage member registrations, attendance tracking, payment records, and plan subscriptions using a responsive user interface and backend database integration.

### Amazon-Style E-Commerce Frontend

*HTML, CSS | Responsive Design*

Built a static, responsive e-commerce frontend with an Amazon-style layout, including a navigation bar, search bar, and product grid using only HTML and CSS.

### Traffic Investigation & Notification System Using QR Codes

*PHP, MySQL, HTML, JS, Google API*

Built a secure, paperless system for real-time vehicle document verification using encrypted QR codes. Integrated expiry alerts, mobile scanning, and database-backed validation for traffic management.

## EXPERIENCE

### Software Development Intern | The Kiran Academy, Pune

Feb 2025 - July 2025

Gain practical experience in Core/Advanced Java, HTML, CSS, and Angular.

Developed full-stack web applications with backend integration and responsive UI.

### Full Stack Development Intern | Katare Informatics

Sept 2024 - Jan 2025

Developed full-stack web applications, managing both frontend and backend components with database integration. Sorted and organized files, spreadsheets, and reports.

### Artificial Intelligence and Machine Learning internship | Ybi Foundation

June 2024 - Sept 2024

Learned concepts of Artificial Intelligence & Machine Learning.

Implemented the application like Digit Prediction system etc.
